

THE HOME OF  
DRINKS DISPENSE SOLUTIONS

# About us

---

We are the largest independent draft drinks service provider in the UK – proudly offering comprehensive, national coverage. From installations, to maintenance, technical support and training, supply chain, logistics and equipment supply, we are a full-service dispense partner. As the go-to partner for project roll-outs, we specialise in fast project management and delivery, ensuring your brand roll-out happens quickly and effectively.

All our services are executed by our in-house team of Brewing, Food & Beverage Industry (BFBI) trained technicians. Our passion lies in assisting pubs, restaurants and the hospitality industry in curating a distinguished selection of draft beverages, from a diverse array of brands to innovative dispensing systems. With over 35 years experience, our solutions are designed to foster growth, scalability, cost savings, and increased revenue.

At Three Nations Dispense, we boast a robust history of collaboration with prominent UK breweries and pub chains, in addition to offering services for major festivals and events such as the world famous Glastonbury Festival, Wembley National Stadium, Ascot Race Course, Wembley Arena and many more. These partnerships serve to underscore the capabilities inherent within our distinctive organisation. We work with our clients to understand their needs and develop a customised solution that helps them achieve their dispense objectives. We are proud members of the British Dispense Association (BDA).

-  Registered competent persons for safe gas practice in the dispense industry.

# Drinks Dispense Services

---

We specialise in dispense installations, breakdown and repairs, gas systems, beer monitoring and more. Our high-quality, dispense setups provide customers with money-saving and sales-boosting solutions.

We provide a range of draft product solutions, evolving from more than just beer. We work with a range of producers that provide wine, spirits and cocktails all on tap or self-make machines. Our self-pour, bottoms up and other fast pour systems allow our partners to not only boost sales, but engage with consumers whilst offering something different to other dispense methods.

## Dispense Installations

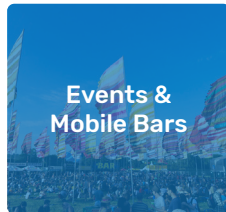

Comprehensive cellar and bar installations services.

From one tap brand setups or a complete new outlet with hundreds of taps. No project is too big or small for us to handle.

## Service & Support

Our expert, field based team take pride in achieving a remarkable 95% first-time fix rate. We prioritise repair over replacement, with same and next day services.

## Events & Mobile Bars

Fast pouring, self-serving, large or small and even bespoke. We cover the whole range of mobile bar and event services.

## Cleaning & Maintenance

An essential service to all draft dispense systems is effective cleaning.

Our customers benefit from rigorous training or directly via our cleaning services, saving time and money.

# Industry Leading Technology

---

We've partnered with the most innovative and high-quality manufacturers the dispense industry has to offer. This enables us to provide our customers with industry leading energy efficient and sustainable equipment and disposables you can rely on.

Keg coolers & kegerators

Bottle coolers, glass washers & ice machines

Purple line cleaning and dispense hygiene products

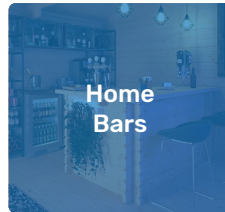

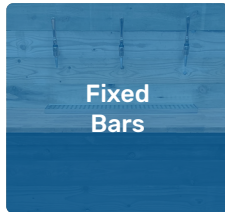

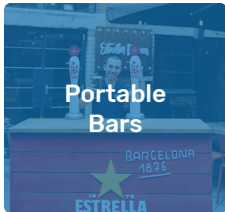

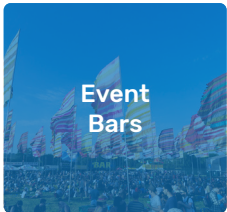

# Event & Portable Bar Hire

---

We provide a range of solutions for short or long-term event bars for festivals, pubs, restaurants, beer gardens and more. From the largest UK festivals, to intimate garden parties, we provide solutions no matter how large or small. Our technology provides solutions to pour 12 pints in 6 seconds - no wonder the largest events in the UK trust Three Nations to deliver.

It's never been easier, to rent short/long-term event bars for pubs, restaurants, events and festivals. Better yet, you can purchase dispensing bars to be sat in situ year-round in your function rooms or beer gardens -or they can be stored away with their easy-to-move and light frames. With a wide range of bars from rustic wood, stainless steel and kegerators to choose from, we can tailor a solution for you.

From standard, fixed mobile bar units, self-pour tap walls and tables and the amazing bottoms-up system, we have the tech for your event. From portable bars and LED shelves to ice bins and bottle openers, we carry a wide selection of products from the top brands in the industry. With our fast and reliable shipping, you'll have your mobile bar up and running in no time.

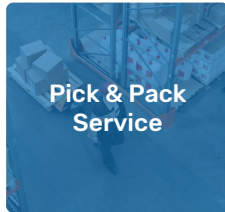

# Dispense Supply Chain Specialists

---

With over 35 years of experience, supplying warehouse, distribution & logistics services to some of the globe's largest breweries, you can rest assured your stock is in safe hands underneath our 10,000 sq ft warehouse.

We provide a complete range of services, including managed equipment supply, procurement, delivery, stock management, and asset register services, ensuring full traceability of equipment in our warehouse or in the field. Our customers can also utilise a number of other complimentary services such as cellar cooling installations, bottle fridges and glasswasher purchases.

Customers benefit from our warehouse services by consolidating on-trade point-of-sale items for coordinated delivery with installations. This reduces delivery costs and simplifies the process with a single point of contact. Contact us to find out more about our warehouse and logistics solutions, or visit our website to shop our range of restaurant, bar & pub supplies, cooling equipment, cleaning solutions, cellar equipment and more.

# IT, Technology & Reporting

---

By utilising state-of-the-art technology to oversee our inventory, job management, and field-based technicians, Three Nations can deliver efficient and precise management across all aspects of our offerings.

 Job management system.

 Brand and asset management.

 Direct customer interaction via web portal.

 Customers able to log installations directly onto the system.

 Large reporting suite.

 Field data management on PDA/tablet for real time capture and recording.

 Vehicle tracking system allows enhanced technician planning and utilisation.

## Pouring Reports

Keeping records of all your pouring taps, by number and location. All reporting is linked to your customers channel of trade, giving you clear insight as to where your sales are being generated.

## KPI Reports

Monitoring our key performance indicators assures our clients that their brands are being managed attentively and efficiently.

## Pipeline & Completion Reports

Giving visibility of your job phases through the planning funnel and keeping sales updated with job completion reports so they know by channel of trade and by brand, what has been installed and where. This report can also generate asset reports for you to understand what equipment you have out in trade.

## Must buy Must sell

Never get caught out with MBMS with our recording facility, whilst also ensuring you are aware of foreign products on your owned systems.

# Contact Centre Services

---

Centrally based contact centre offering seamless customer service through a variety of channels including email, web chat, and the telephone. Customers can choose the method most convenient for them, ensuring accessibility and efficiency. Whether it's a detailed inquiry through email, real-time support via web chat, or the personal touch of a phone call, the contact centre is equipped to handle all diverse customer needs promptly from job creation to planning and ultimately to completion and job invoicing. This multi-channel approach not only enhances customer satisfaction but also strengthens the overall customer experience.

08:00 - 21:00 every day of the year. You can also log a call anytime via email or the job portal.

Have your customers call/email us direct to log any service or maintenance calls to streamline services.

We can call your customers and potential customers as part of campaigns to collect crucial data for your R&D departments.

# Why partner with Three Nations?

---

We work with our clients to understand their needs and goals. We then develop a customized solution that helps them achieve their objectives. We are committed to providing our clients with the best possible service. We are always available to answer questions and provide support.

## Nationwide Expertise

Servicing the whole of the UK with our certified, beer dispense technicians.

## 365 Support

Full year coverage for call handling, job scheduling, in and out-bound contact centre services.

## Complete Dispense Partners

Design, to project management, warehousing and logistics, training, installation, maintenance and support.

## Bespoke Service

Whatever the size of your event, installation or project, we have you covered.
